

# A TRIP TO PLACES PROVIDING NEIGHBOURHOOD SERVICES

In our quest to correlate textbook knowledge to practical exposure and move beyond classroom teaching an educational trip was organized for the students of Grade 1 and 2.

Different places like Church, Gurudwara, Temple and Mall were visited. They were informed about the ways in which the people of different religions offer their prayers. Students raised their queries and also got their answers. Further, the discussion around other places such as Hospital, Fire station, Police station etc. also took place. Moreover, the trip provided them a great learning experience as well as equal opportunities of fun and enjoyment.

In all it was a fruitful day well spent in acquiring practical awareness of places of utility.
